The Train Robbers.

News from the sheriff's posse, in pur-

suit of the train robbers, is very meager and unsatisfactory. The robbery was committed two weeks ago last night (Wednesday), and a posse has been in pursuit ever since. While E. STARL

many were inclined to doubt the news published in yesterday's JOURNAL-MINER extra, it cannot be denied that it is of a more definite character than any news previously received, and yet it is to be hoped that it may prove not true. Deputy Sheriff McInernay received a 3d, as follows: "News just received that O'Neill and his posse are safe. Do not think anything can be gained by sending another poss-t. Will have fur-

ther information to-morrow." A later telegram was received this value of the property.-Herald. afternoon saying that the robbers had divided, three of them being in the vibeing followed by a portion of the sheriff's posse, while Sheriff O'Neill and Carl Holton, special detective of the Atlantic & Pacific railroad, had crossed Lee's Ferry, March 27th, in pursuit of the other two, and two days behind them. The Apache county sheriff has gone around by rail to Utah for the purpose of intercepting them.

A Car Load of Reast Boef.

The train on the Prescott & Arizons Central railroad left Prescott Junction at 4 o'clock yesterday afternoon with four car loads of young cattle, for D. F. Mitchell and others, and a car load of fat hogs for J. H. Smith, Everything went along swimmingly until they had passed Puntency's station, when it was discovered that a car, containing thirty-eight young Hereford bulls and a Jersey bull and heifer, was on fire. The fire had started at the end of the car under the roof, which was The entire forty head of cattle were the Salt river valley. burned to-death, and all the upper frame work of the car was consumed. shall be certified by a certificate which shall state the names of the parties, etc., and that the certificate shall be filed with the probate judge, who shall receive two dollars for each certificate so filed, to be paid by the person pre-senting said certificate for record. A violation of the provisions of this act is gun at Jarmon and fired, just as he punishable by a fine not exceeding \$300 or imprisonment not exceeding six months. Not Successful.

It is learned from those who have had experience in the matter, that the fattening of cattle on the alfalfa fields of Maricopa is not a success. Hooker is reported to have said that \$8,000 would not make him whole on his losses there. The reason assigned is that the grass is sour in winter, and shooting could not be learned. 49 00 after a frost, which is quite frequent, the cattle are physicked to such an ex-tent that they tall off rapidly in flesh. A heavy shipment was made to Californiaa week or so ago, and the beeves which were driven there from the Hooker range in sulphur Spring valley were not in as good condition as whe i they were driven onto the range three months ago.—Prospector.

The Phenix Herald directs the attencouncil bills Nos. 11 and 80, which was from our regular correspondent in have been approved by the governor, and are now the law of the territory, going into effect from the date of such approval. Council bill No. 11 repeals chapter 1, title 26, revised Statutes, relating to Executions—approved March 1st, 1887—substituting therefor an entirely new law, and providing for a six months' redemption after execution or foreclosure sale upon payment of a penalty of nine per cent, on the amount of the purchase money. Council bill No. 80 repeals the marriage license provisions of the revised statutes 1887, and requires a person performing a marriage ceremony, within twenty days thereafter, to file for record with the clerk of the probate court, a certificate the marriage, under a penalty of \$300

After it came out of the democratic reduction works of the board, Tim could not recognize it as the same bill, there being only \$2 of it left which was allowed. Tim says he employed a team at \$5 per day to haul off the rubbish, and the \$2 allowed him will not pay for horse feed, and further adds that, if the county is too poor, or the supervisors too penurious, to pay him a reasonable compensation for haservices, he will make a donation of the \$2

Groom Creek Shooting.

As Dick Jarmon, employed by J. S. ones, at the Groom Creek mill, was riding along the road, between the mil and mines, yesterday, he was met by Thomas Scheuri, armed with a double barreled shot-gun. Without any previous warning the latter leveled his slid off his horse on the opposite side. A portion of the charge took effect in Jarmon's hand, and also tore a hole in his clothes The horse becoming frightened ran away., and Jarmon run for his life down the canyon, pursued by Scheuri, who made several ineffectual attempts to discharge the contents of the other barrel into his fleeing form. Jarmon came in and reported the circumstance at the sheriff's office, when Deputy George Burton went out and arrested his assailant and lo ged him

Scheuri was taken before Judge Fleury to-day, to have his preliminary examination, but on the motion of his attorney, Judge H. W. Fleury postponed it until next Monday.

One of the old timers here told the JOURNAL-MINER man to-day that a very pleasant custom was formerly in vogue in Prescott, of giving the children a genuine May Day picnic.
